Summary

Passionate Full-Stack Developer | Problem Solver | Tech Enthusiast

I'm Abhishek Kumar Singh, a second-year Computer Science student at Lovely Professional University, Punjab. I thrive on learning new technologies and expanding my expertise in programming languages, including Python, C, C++, Java, C#, JavaScript, and ReactJS.

My journey in tech has led me to explore the dynamic world of Full-Stack Web Development, where I'm actively honing my skills in both frontend and backend technologies like Node.js, Express.js, and databases such as MySQL and MongoDB. I enjoy building scalable, efficient, and user-friendly applications.

In addition to development, I have a strong passion for problem-solving and competitive programming. I've achieved 3 stars on HackerRank and earned a Problem-Solving Badge on CodeChef. I believe in continuous learning and strive to sharpen my coding skills through hands-on projects and challenges.

Open to opportunities in software development, web development, and tech collaborations.

Let's connect and build something impactful together!

Education

Lovely Professional University

Bachelor of Technology - BTech, Computer Science · (2023 - 2027)

DAV Schools Network

10th · (April 2020 - March 2021)

DAV Schools Network

12th, PCM · (April 2022 - March 2033)
